

# THE LOOP

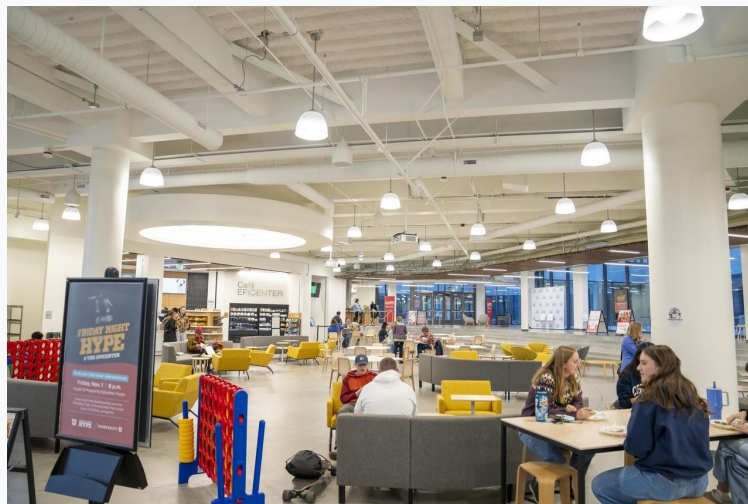

Tick Tock....this time of year always feels like the clock is ticking. Ticking down for the last day of classes, for that final final exam, for gathering with friends and family, and for resuming classes in January. Whatever December brings for you, [our team](#) wishes you a splendid end to 2024.

Resources

**Conversation Starters:** For many families this may be the first time seeing your student in 3D since classes began in August. Sometimes these moments can be awkward. Parents are just dying to know how things are going, and students are trying to figure out how to re-engage in their childhood home, which feels different than it used to. Asking more specific questions of your student can sometimes help take the edge off. Rather than **“How are classes going?”**, try, **“What was the most interesting thing you learned in your History class?”**

**Housing deadlines** are fast approaching! For Upper Division students (2nd year and beyond or Transfer students) housing applications are OPEN. For 1st year students the housing application window opens

January 14th. Get your application in early this year! The [FAQ](#) section of the Housing website is GREAT resource for your questions.

Campus Tour Video: We've updated one of our most frequently viewed videos about our campus, check it out [here!](#)
